

# SIGNET HOW TO GUIDE: CRUISEFINDER: CRUISE OFFER SEARCH

Signature offers a wide array of search options to assist you in locating cruise offers on SigNet. The main page on SigNet for searching cruise offers is CruiseFinder.

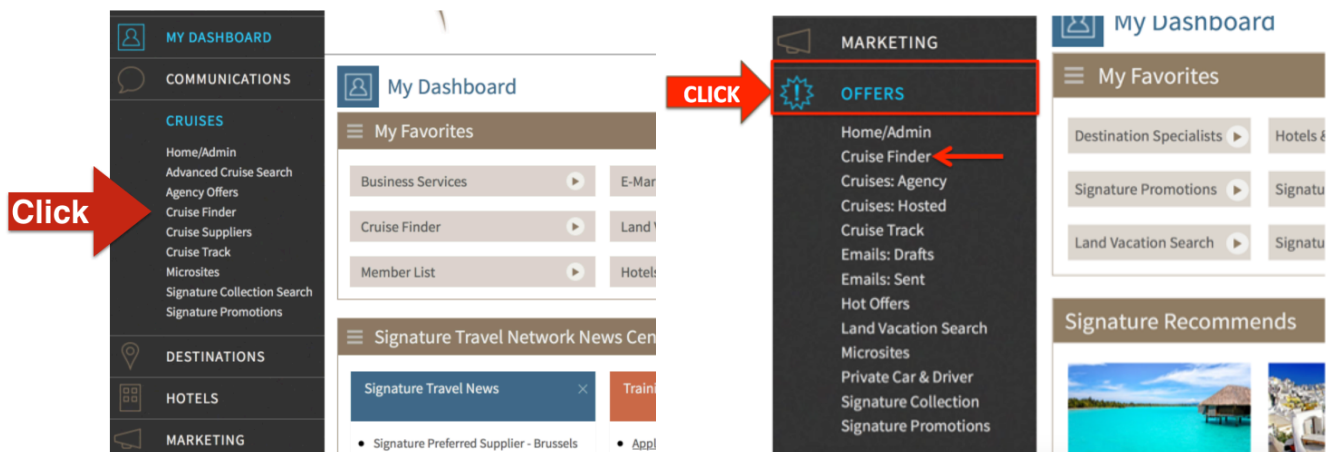

Below are step by step instructions for using these search options.

## Step by Step Instructions for CruiseFinder

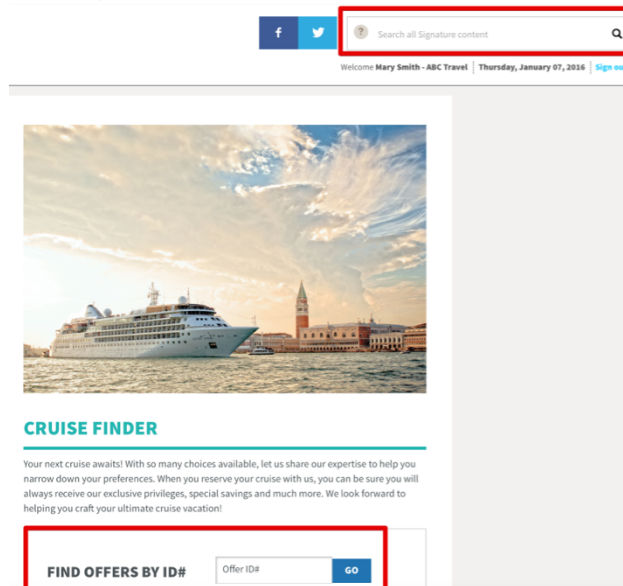

1. Access SigNet, [www.signaturetravelnetwork.com](http://www.signaturetravelnetwork.com), and sign in using your login credentials.

2. Hover over the **Offers** menu item to reveal submenus OR Click the Offers menu item to cascade and then select **Cruise Finder**.

3. This area of SigNet contains many different search options available for finding cruise offers. One way to search for a cruise is by using the Offer ID number. Insert the offer ID in any of the two offer ID search boxes and find the matching cruise or land offer without having to search through the data base.

5. When you don't have a specific offer ID number you can use the **custom search**. This search tool allows you to select just 1 of the criteria options, Cruise Line, Ship, Destination or Date range for a broader search OR you can search using all 4.

**CUSTOM SEARCH**  
View all of your options by cruise line, ship, destination or travel dates.

Select more than one cruise line just by clicking the cruise line name

Select more than one Destination. NOTE: The search tool is responsive. So, if you select a destination that one of your selected cruise lines doesn't go to, it will remove that cruise line from your search.

The same rule applies for the date. If you select a date and the selected cruise line or destination is not available during that time frame, those selections will be removed from the search.

6. Other ways to search include searching by individualized search criteria such as **Port, Theme, Deluxe Cruising or Small Ships & Expedition Cruising**.

**SEARCH BY PORT**  
Cruise directly from your favorite city or a city close to home.

You can choose to sort by Travel Date, Cruise Line or Price.

You can also choose to get exact matches for multiple options (destinations or ports) – this means only cruises which include all of the options entered will be returned in the search results.

9. In addition to the options available above, you may also select criteria such as one or more cruise lines, ships, cruise types, a departure month + year or an entire year, a date range, set the duration of the cruise and/or specify a price range by sliding the points along the duration or price range slider, choose one or more types of offers, or select one or more themes.

The Advanced Search form on the left includes the following sections:

- CRUISE LINE:** A text input field labeled "Cruise Line".
- CRUISE SHIP:** A text input field labeled "Ship".
- CRUISE TYPE:** A dropdown menu labeled "Type".
- DATES:** Two dropdown menus for "Departure Month" and "Departure Year".
- From Date To Date:** Two text input fields for specifying a date range.
- DURATION:** A horizontal slider ranging from "1 Night" to "150 Nights".
- PRICE RANGE:** A horizontal slider ranging from "\$100" to "\$4000".

The Advanced Search form on the right includes the following sections:

- TYPES OF OFFERS:** A list of checkboxes for "Private Car & Driver", "Hosted", "Exclusive Amenities", "River Cruises", and "Get exact matches for types of offers" (with a help icon).
- THEME:** A grid of buttons for various themes: Adventure, Art, Cultural Exploration, Family, Fashion, Film/ Theatre, Food and Wine, Golf/ Sports, Guest Lecturer/ Educational, Health and Wellness, Music, Photography, Science/ Technology, and Unique to the Cruise Line.

**NOTE:** The Advanced Search is not dynamic, so being too specific can lead to no results.

10. The Signature Collection is our broad term for cruise offers that have some sort of exclusive amenity. This may include Shipboard credits, pre-paid gratuities, Private car and driver or an on board host. This search tool allows you to search for cruise offers with exclusive amenities only. Use the **Select Filter** option to search for a specific type of Signature collection amenity, such as hosted sailings or Private Car and Driver.

The Signature Collection search interface consists of two main parts:

- SIGNATURE COLLECTION:** A vertical panel on the left with the heading "SIGNATURE COLLECTION" and the subtext "Enjoy our exclusive amenities and extra value on select sailings." It contains four input fields: "Cruise Lines", "Select Filter", "Destinations", and "Travel Months". Below these fields is a "Reset Search" link and a purple "SEARCH" button.
- Cruise Lines:** A panel on the right that displays a list of filter options under the heading "Cruise Lines". The options are: "Hosted Sailings", "Non-Hosted Sailings", "Private Car & Driver Sailings", and "Culinary Themed Sailings". A red arrow points from the "Select Filter" field in the left panel to the "Hosted Sailings" option in the right panel.

11. Once you click on the Signature Collection logo you are taken to another search page. Without entering any filter criteria you are shown 1000's of Signature Collection offers listed in date order. You can filter the results by selecting a supplier, a date, type of experience or destination.

The Signature Collection sailings offer *Exceptional Value* and *Exclusive Amenities*.  
In addition to exclusive amenities, select sailings offer the services of *Experienced Hosts*, "*By Invitation Only*" Events and *Enriching Experiences*. Or enjoy the exclusive privilege of *Private Shore Excursions* with your own personal car and driver.  
Click on the items below for more information about our unique experiences, and then customize your search to find your perfect vacation.

# SIGNATURE CRUISE FINDER TIPS & SHORTCUTS

The **CUSTOM SEARCH** allows you to select and combine up to five criteria including Cruise Line, Ship, Destination, Date range or Travel Month. You may add **multiple options** for Cruise Lines and Destinations.

**IMPORTANT NOTE ABOUT FILTERING:** Drop down options are responsive as a **PARTIAL MATCH** so if you have started with “destination” and you have made two selections, when you go to the Cruise Lines area, you will see cruise lines that service at least ONE of your selected destinations. You may run into situations where you have selected two cruise lines and then when you go to the destination field and select an option, one of the cruise lines you had previously selected will disappear. This is because that cruise line does not service the destination you selected.

**KEEP IT SIMPLE:** Consider making only ONE selection from each filter or leave some options blank.

- If **destination** is the most important criteria for your client, start by selecting a SINGLE destination. Now when you go to the Cruise Lines field, you can make multiple selections because you can be sure that every cruise line in the drop down services your SINGLE destination selection.
- If **cruise line** is the most important criteria for your search, start by selecting a SINGLE cruise line. Now the “Destinations” drop down only includes options for that SINGLE cruise line.
- If your clients have a **specific date range** requirement, start out by selecting your date range first. The cruise lines and destinations fields will now be filtered based on your date range.

The image shows a mobile app interface for finding cruises. At the top, there's a search bar with "Crystal Cruises" selected and a close button. Below it is a dropdown menu labeled "Select Your Ship". Underneath are two destination tags: "Europe" and "Mediterranean", each with a close button. Then there are "From" and "To" date fields with a placeholder "mm/dd/yyyy". Below these is an "OR" option and a "Travel Months" dropdown menu. At the bottom, there are links for "Reset Search" and "Advanced Search". A large teal "SEARCH" button is at the very bottom.

To start your search, click in the white area of your selected field

**SHORTCUT:** Start typing the first few letters in the field and you will begin to see matching options. Click to choose an option.

You may add multiple options to Cruise Lines and Destinations. To add an additional item, simply click again in the same field (in the white area) and you will see the list appear for your second selection.

To add a date range, click in the “From” field and select from the calendar option or simply type in your date.

If you wish to simply see sailings for a particular calendar month, you may select that month from the drop down.

**TIP ABOUT FILTERING:** Remember that you have many more filter options available to you AFTER you get your search results (these filter options appear to the right of the search results), so keeping your initial search criteria broad is a good idea!
