### **Naples Local Highlights Option: Provided by J&J Services Italy**

Guests will enjoy a pre-arranged sightseeing itinerary with a Private Car and Guide to explore the following destination highlights.

Explore the most fascinating and ancient towns buried under millennia of ash and stone and then see the volcano that destroyed them. Visit Pompeii and Herculaneum, Roman cities buried in 79 AC from the eruption of Vesuvius, one of the most famous active volcanoes in Europe. What destroyed the city is what preserved it through thousands of years.

You will see one of the most important archaeological and historical sites in the world and thus, also one of Italy's most visited attractions. Walk ancient Roman streets trapped in time for centuries, see inside the homes and lives of ordinary people from Ancient Rome. Visit the 'house of the lovers' that takes the name from a painting inscription in Latin "Like bees, lovers lead a life as sweet as honey". Admire the imposing temples and public buildings like the Roman Amphitheater and the frescoes of Villa dei Misteri (Villa of Mysteries), an ancient building from 80-70 BC.

Discover Herculaneum, the Roman town close to Pompeii that shared the same fate. Admire the unique atmosphere like stepping back in time: visit the taverns, gym and Roman baths of a smaller elegant society trapped under 25 meters (52 feet) of rock! The seafront with a spectacular view over the Gulf of Naples, most of the houses here have 2 floors richly decorated with remains of wood furniture and utensils, precious jewels and coins.

Explore the depths of the volcano that destroyed the very cities it preserved. A hike in nature accompanied by a local guide up to the crater of the mountain trail. Close to Pompeii and Herculaneum reach the crater of the Vesuvius, an active volcano just like the National Park around it full of farms and wineries that produce excellent products from this unique territory.
